

Coalface Software Solutions

Present Value Calculator

AASB 116.16(c) provides that cost of acquisition of property, plant & equipment includes “the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located”. A legal or constructive obligation for the future restoration of a site is also required to be recognised as a provision under the new Standards.

The Present Value Calculator makes the process simple!!

- Make your estimates in current **or** future dollars!
- Automatic preparation of full audit trail for the present value calculation
- Easy-to-use colour coded layout for quicker data entry
- Flexible formatting facilitates tailoring to your Council's exact requirements
- Comprehensive User Guide
- Re-useable each year - no updates required
- No special software or hardware required - template uses standard version of Microsoft Excel

Council:

Address:
.....

Order No: **Attention:**
(Please attach official Council order)

I am aware that all Coalface Software Solutions spreadsheet templates are supplied on a 30 day review & return basis.
